

Contents

Foreword.....	VII
Organizing and Executive Committee.....	VIII
<i>Mining Economics</i>	
Investigation of the Relationships Between Cerchar Hardness Index and Some Index Properties of Coal.....	1
<i>O. Su & N.A. Akçın</i>	
Wireless LAN System for Leg Pressure Monitoring.....	7
<i>S. Tadisetty & R.N.Gupta, K. Matsui & H. Shimada</i>	
Short and Long Terms Strength Performances of Cemented Paste Backfill.....	11
<i>E. Yilmaz, A. Kesimal & B.Ercikdi, M.Benzaazoua, T.Belem & B.Bussière</i>	
An Integrated Approach at Reducing The Risks Associated with Underground Coal Pillar Extraction of Bord And Pillar Development Areas in South Africa.....	19
<i>G.H. Lind</i>	
Platinum Market - Position Paper.....	29
<i>B. Gene & F. Cawood</i>	
Sustainable Development Concept in Mining Sector.....	37
<i>Ç. Pamukçu</i>	
Towards A Sustainable Mining Industry: Actions and Tools.....	41
<i>E. D. Yaylacı</i>	
Sustainable Development in Mining (Iron & Steel Sector-Erdemir).....	59
<i>M.E. Ertem, G.B. Karakaya, K. Kes, A. Özmen</i>	
<i>Rock Mechanics</i>	
The Influence of Resin Thickness on Bolt Bending.....	65
<i>N. Aziz, J. Hossein, M.S.N. Hadi</i>	
Interaction Between Parallel Underground Openings.....	73
<i>H. Gerçek</i>	

Contents

Evaluation of the Relationships between Schmidt Hardness Rebound Number and Other (Engineering) Properties of Rocks.....83
A. Güney, R. Altındağ, H. Yavuz & S. Saraç

Inelastic and Damage Modeling of Tunnel Face Surrounded by Discrete Elements.....91
P.P. Procházka

Evaluation of the Relationships between P-Wave Velocity (V_p) and Joint Density (J_n).....101
R. Altındağ, A. Güney

3R - Rock Related Risk Management System for Mines.....107
K.S.Koldas

Production Methods and Mining Technologies

A Rapid Dampening Suspension For Ultra-Class Haulers.....113
R. F. Santos, T.G. Joseph

Larger Shovels - The Reality.....121
Lee B. Paterson, Andrew J. Williams

Diamond Wire Application for Black Granite Block Mining in São Paulo.....125
W.THennies, A. Stellin Junior, L. Soares, CT Lauand, & G.R. Martin Cortés

Soft Ground Reaction to Cyclic Loading by Large Mobile Mining Equipment.....133
A.D. Sharif-Abadi, T.G. Joseph

A Brief Comparison of Longwall Methods Used at Mining of Thick Coal Seams.....141
M. K. Özflrat, F. Şimşir, A. Gönen

Optimizing Shovel Dipper Design for Cutting Soft Rock and Soils.....145
N. Shi, T. G. Joseph,

Investigation of Rib Pillar Stability at Ömerler Underground Mine by Numerical Modelling153
N.E.Yaşıtıh, B. Ünver & M.M.Ceyhan

Tire - Rim Interactions for Ultra Class Trucks in The Mining Industry.....161
M.J.A. Bolster, T.G. Joseph

Status and Prospects of Underground Thick Coal Seam Mining Methods.....169
B K Hebblewhite

An Energy Efficient, Environmentally Sound Gas Production Process from Methane Hydrates.. 179
Marco J. Castaldi, Tuncel M. Yegulalp & Yue Zhou

Mineral Processing and Coal Preparation

Concentration Procedure and Mineralogical and Chemical Composition of Raw Quartz Sand187
Z.Sekulic, N. Canic, & Z. Bartulovic, M. Ignjatovic

Obtaining Metallurgical Data from Drill Core Samples Using a Mini Pilot Plant.....195
V.L. L. Andrade, N. A. Santos, K. L. C. Gonçalves, H. Wyslouzil, G. Dávila,

Breakage Properties of Porous Materials by Ball Milling.....207
V. Deniz

Performance Evaluation Studies in Çayeli Grinding Circuit.....	213
<i>L. Ergün, Ö. Y. Gülsoy, N.M. Can & H. Benzer</i>	
Granulometric and Gravimetric Separation of Microspheres Using Laminar Flow.....	223
<i>I.Nishkov, A.Kalaitzis</i>	
A New Model on Breakage Behaviour of A Laboratory Impact Mill.....	229
<i>V. Deniz, Y. Akkurt & Y. Umucu</i>	
Performance Evaluation of ÇBI Flotation Plant using Mineralogical Analysis.....	233
<i>Z. Ekmekçi, M. Can, Ş.L. Ergün, Ö.Y. Gülsoy, H. Benzer & I. B. Çelik</i>	
Utilization of Sandy Clay "Kosarno" for other Raw Materials Production.....	241
<i>D. Skendzic, S. Jugovic & B. Todorovic, M. Djuricic</i>	
Evaluation of Refractory Behaviour of Kaletaş (Turkey) Gold Ore.....	245
<i>/ Alp, O. Celep, H. Deveci, T. Yilmaz & C. Duran</i>	
Mineralogical Examination and Acidic Ferric Leaching of Kayabaşı (Trabzon) Massive Sulphide Ore.....	253
<i>T. Yilmaz, İ. Alp, H. Deveci & O. Celep</i>	
The Use of Raw and Calcined Diatomite in Art-Tile Bodies.....	259
<i>N. Ediz, İ. Tatar, I. Bentli</i>	
Solution of Clean Water Problem of Özberil Coal Washing Plant with Acrylamide Copolymer Flocculants.....	263
<i>V. Deniz & H. Delice</i>	
<i>Computer Applications in Mining Industry</i>	
Computer Aided Evaluation of a Magnesite Ore Body.....	269
<i>K.Erarslan</i>	
The Future of Mine Planning Software - New Tools and Innovations.....	275
<i>I.K. Kapageridis</i>	
Enhancements on Reproduction of Spatial Variability with Multi-Objective Simulated Annealing.....	283
<i>M. Kumral</i>	
A Linear Model for Determination of Block Economic Values.....	289
<i>M. Alae-pour</i>	
Aspects Regarding the Mathematical Modeling of Stress- strain for Mining Works.....	295
<i>V. Arad & S. Arad, N. Ianc</i>	
A System for Virtual Reality Applications on 3D Geological Models and Mine Designs.....	299
<i>K.Erarslan</i>	
An Approach to Reliability Allocation Problem in a Mining System.....	305
<i>M. Kumral</i>	
Optimization of Çayeli(Çbi) Grinding Circuit By Modelling And Simulation.....	309
<i>L. Ergün, Ö. Gülsoy, M. Can & H. Benzer</i>	

Contents

Mine Health and Safety

Underground Coal Mining Safety Research - A Novel Canadian Initiative.....	321
<i>P. Cain, D.J. Forrester, G.W Bonneil</i>	
Challenges and Criticisms of ISO 14001 Certification of Two Asbestos Mines.....	329
<i>C. Musingwini, I. Mbengo, D. Phuti</i>	
Some Aspects Concerning the Stability of Waste Dumps.....	335
<i>V. Arad & S. Arad, C. Toroapa</i>	
Parameters Affecting Mine Gas Drainage and Outburst Control Research.....	339
<i>N. Aziz, F. Sereshki, D Bruggemann. I Porter</i>	
What is Expected from Safety Engineers, Trainee in the University of Mining&Geology "st. Ivan Rilski", Sofia.....	347
<i>M.A. Michaylov & E.D. Vlasseva</i>
